## FOCA Members Active in their Communities

Reading the newsletters of our member associations, we are pleased to see so many groups giving back to their summer communities!

Congratulations to Gloucester Pool Cottagers' Association for their fundraising success! With 177 paddlers participating, they raised \$35,770 for the Canadian Cancer Society in last year's "Canoe for Cancer" event. The route, which runs from Big Chute to Port Severn, was all smiles with over 80 canoes and kayaks, and even two dragon boats in the flotilla.

This year marks the tenth anniversary of the event and is scheduled for Sunday, September 5th. All the best for another fun-filled day on the water!

Many more cottage associations have donated funds and volunteered time in their respective communities. If your association has a community-building event or fundraising idea to share, email [info@foca.on.ca](mailto:info@foca.on.ca). We want to hear your stories!

## Families Celebrating Cancer Recovery

Now operating year-round!

*A Gift of Time Away with Family.  
Celebrating Cancer Recovery.*

Cottage Dreams is a great way to make a difference in your cottaging community. This charitable organization offers cancer survivors the opportunity to reconnect with family and friends at a donated cottage. Cottage Dreams has grown from helping 6 families in 2003 to over 250 families in 2010. The program now runs all year long, so it's not too late to participate. Call today to donate a week of autumn splendour at your cottage! For details, visit [cottagedreams.org](http://cottagedreams.org) or call 705-457-9100.

## Giant Hogweed - Is it in your backyard?

Giant Hogweed is an exotic plant that has now been found in Ontario. The plant grows along shorelines and in moist soils
