

Ontario's Water Opportunities: The New Focus on Technology & Conservation

Tuesday June 8th, 2010
7:30am – 9:15am

The National Club
303 Bay Street, Toronto

The government of Ontario has now introduced the Water Opportunities Act and the Water Conservation Act as part of their five year Open Ontario plan.

Join us for a Global insight breakfast as a panel of experts debate water conservation and protection, the latest updates in water technology and investment opportunities as Ontario attempts to tap into a \$400 billion global market.

Panelists include:

Angela Hughes, CEO, XOGEN

David Henderson, Managing Director, XPV Capital Corporation

Moderated by: Kerry Freek, Editor, Water Canada

WHO SHOULD ATTEND?

This briefing is a must for the water industry, conservation authorities, engineers, the business community, urban planners, municipal lawyers, union reps, academics, real estate developers, Chambers of Commerce/Boards of Trade, BIAs, and government officials.

Regular Registration Fee
\$149.00 per person plus GST
